CHG Recognized as One of the Top 10 Best Companies to Work For in America
CHG Healthcare Services is only Utah-headquartered company to make annual FORTUNE list

SALT LAKE CITY, 19 January 2012 – CHG Healthcare Services is the ninth best company to work for in America, according to *FORTUNE* magazine and its 15th annual “[100 Best Companies to Work For™](#)” list. CHG jumped to the top 10 on the list from no. 27 last year—2012 marks the third year in a row that CHG holds this honor.

“When I brought my daughter to ‘Bring your Child to Work Day,’ she left me a note on my desk. It said, ‘Hi Dad! Your job’s fun!’” says Gil Rodriguez, recruiter, CompHealth permanent placement, a CHG division in Fort Lauderdale, Fla. “That’s when I realized that I did work at a great company.”

The *FORTUNE* list is based in large part on one of the most extensive confidential employee surveys in corporate America. Employees said CHG’s high level of respect towards its employees, its efforts to promote a sense of camaraderie among one other, and its commitment to fairness are the top reasons they work for the company. Employees say these qualities are also the reasons they refer their friends and families to the business—more than half of total hires come from employee referrals.

FORTUNE partners with the Great Place to Work Institute to conduct the survey, which includes questions related to a trust index and a culture audit. Scoring criteria is based, in part, on business practices such as salary and benefits, hiring practices, recognition programs and diversity efforts.
